WORK EXPERIENCE

Kanak Digifex Pvt. Ltd

Dec-2023 - Mar-2024

Web Developer

- Developed responsive web pages using HTML, CSS, and JavaScript.
- Implemented UI features for real-time client projects.
- Optimized web pages for performance and usability through testing.
- Collaborated with team members to meet project requirements.

EDUCATION

Dr. Vithalrao Vikhe Patil College of Engineering

Bachelor of Engineering – Information Technology - CGPA: 8.95

June 2021 - June 2025

B.P.H.E. Society's Ahmednagar College

HSC - Percentage:78%

June 2019 - June 2021

KDV School

SSC - Percentage:65.20%

June 2010 - June 2019

PROJECTS

Smart Hospital Management System

Live Link: <https://spring-smarthospitalmanagementsystem-6.onrender.com>

Jan 2026 – Present

- Developed a full-stack hospital management system with Admin, Doctor, and Patient modules, utilizing Java, Spring Boot, Spring MVC, Hibernate/JPA, MySQL, HTML, CSS, Bootstrap, and JavaScript.
- Implemented secure role-based login and authentication functionality.
- Built appointment booking and management features for patients and doctors.
- Designed responsive dashboards to manage doctors, patients, appointments, and prescriptions.
- Integrated MySQL database using Hibernate/JPA for efficient data handling.
- Developed REST APIs and connected frontend with backend services.
- Improved user experience using Bootstrap and JavaScript validation.

Content Analysis and Duplication Avoidance System

Jan 2025 - June 2025

Tech Stack: Java, Machine Learning, HTML, CSS, JavaScript

- Developed a plagiarism detection system using TF-IDF and cosine similarity algorithms.
- Optimized text comparison process to improve performance and accuracy.
- Designed modular architecture for scalable document analysis.

SKILLS

Programming Languages: Java (Core Java, Java 8), SQL, JavaScript

Java Concepts: Object-Oriented Programming (OOP), Exception Handling, Collections Framework, Multithreading (Basic), File Handling, JDBC, Java 8 Features (Lambda Expressions, Stream API Basics)

Frameworks & Backend: Spring Boot, Spring MVC, Hibernate/JPA, Maven, RESTful API Development, Spring Data JPA

Frontend Technologies: HTML5, CSS3, Bootstrap, JavaScript

Database: MySQL, Oracle SQL, PL/SQL, SQL Joins, Stored Procedures(Basic)

Tools & Platforms: Git, GitHub, Postman, VS Code, Eclipse, IntelliJ IDEA, Maven, JUnit, Docker(Learning)

Concepts: Data Structures & Algorithms, CRUD Operations, MVC Architecture, DAO Design Pattern, Client-Server Architecture, Authentication & Authorization, Responsive Web Design

Cloud & Other: AWS (Basics), Azure (Basics)

Soft Skills: Problem Solving, Communication Skills, Teamwork & Collaboration, Quick Learning, Adaptability, Time Management, Analytical Thinking, Positive Attitude, Self-Motivation, Willingness to Learn New Technologies

CERTIFICATIONS

Full Stack Java Development-Naresh i Technologies (Ongoing, 2025)

Data Analytics Job Simulation - Deloitte (Forage), June 2025

Fundamentals of Swift Language (Module I) – 2023

AWARD

Best Outgoing Sports Person Dr. Vithalrao Vikhe Patil College of Engineering

Awarded for outstanding sports performance, leadership, and active participation in college sports activities.
